Course Description

The success or failure of any modern enterprise is determined not only by the markets it seeks to dominate, or its economic clout.

Students are encouraged to add to the dynamics of the course by providing additional resources such as articles or Web sites of interest.

Required Text(s):

This text is a primer for the course. Additional materials will be added to PageOut for your use. These materials will help to update lecture materials and demonstrate the use of IT and its applications in the modern enterprise.

If you have articles or other materials that you would like to share with the class, please submit them to the instructor in digital form.

PageOut is an online resource used to augment the course. Students will be advised when access is available and how to log in.
